

## Dorcus DC-1 Cityflitzer for urban and business lifestyle & high class quality, assembled in Austria

### Perfect for:

- Beating traffic on a morning ride into the City-getting to and from work
- Escaping the daily grind – afternoon coffee runs
- Ideal for a trips or a stretch by bus or train
- Getting to yoga class after work
- Getting from one end of campus to the other
- Mobile social rides in community
- Weekend errands
- Perfect basic urban transport

### Description:

A fast urban e-bike with all the right stuff and fully prepped for the urban grind. It is one of the most versatile, all-around e-bikes. It's wonderfully light, fast enough for long weekend rides, and stylish enough to turn heads everywhere it goes. It is ideal for trips that include a stretch by bus or train.

The SL Semi-Scandium frame is burly and the ultra-compact DualArc frame is incredibly stiff for amazing power transfer. Top of the line components from Shimano 105, FSA and Puncture-resistant Schwalbe Big Apple tires deliver speed to spare.

### Technology Highlights:

- Patented Top tube made from forged Semi-Scandium
- Biologic II frame geometry delivers a stable and comfortable ride
- The Shimano 105 has twenty gears and incredibly smooth shifting
- Light enough to carry up a flight of stairs, small enough to store behind the couch
- Shimano 105 derailleur serves up super fast and precise shifts;
- Dorcus light wheels and Schwalbe Big Apple tires are light and fast rolling
- Speedlift adjusts handle post to give riders a custom fit
- Ultralight – just approx.15.0kg
